NOTABLE WOMEN GATHER IN CITY

EXECUTIVE BOARD OF STATE
FEDERATION IN SESSION.

DISTRICT MEET OPENS HERE TOMORROW NIGHT

Mrs. W. R. Chivvis, State President,
and Mrs. Henry N. Ess to Speak—
Reception at Normal.

One of the most distinctive and by far the most notable gathering of women ever held in this city began this morning, when the members of the state board of the Missouri Federation of Women's clubs assembled in a two days' executive session.

This board is composed of twenty-five of the representative women of the state, and women prominent in civics, education, home economics, industrial and social movements for the betterment of conditions all over the state.

In addition to the board meeting tomorrow the first district federation annual convention opens tomorrow night, and it brings to the city about fifty delegates and club women, who, with the board members, will be guests of the Maryville club women until Thursday night.

District Convention Tomorrow Night.
The formal opening of the district meeting will be at 8 o'clock tomorrow night, with a reception at the State Normal school. Dinner will be served at the First Christian church tomorrow night for the visitors.

Thursday morning and afternoon until 4 o'clock will be devoted to club sessions. Luncheon and dinner will be served the visitors at the First Christian church, where the meetings will be held, and at 4 o'clock Thursday an auto ride will be one of the features of entertainment.

The meetings of the board are being presided over by Mrs. W. R. Chivvis of St. Louis, state president. Mrs. Chivvis is on the program for Wednesday night at the opening of the district convention.

Prominent Women to Speak.

Two women prominent in the state suffrage movement attending the board meeting are Mrs. Henry N. Ess of Kansas City and Mrs. Emily Newell Blair of Chillicothe. Mrs. Ess makes one of the principal addresses of the Thursday afternoon program. In company with Miss Marie Goodman of Kansas City, vice president at large of the state federation, Mrs. Ess arrived in Maryville at noon today. Miss Goodman speaks Thursday afternoon at the convention, heading the discussion of "What Are the Duties and Privileges of a Delegate?"

Mrs. Ess spoke in this city three years ago before a meeting of the Twentieth Century club. She is an unusually interesting woman, knows her subject and knows how to tell it, and the club women are anticipating a treat in her lecture.

Mrs. George Still of Kirksville, a member of the state board, is being entertained while here at the home of her brother-in-law, Senator Anderson Craig, and Mrs. Craig.

The members of the board present today are:

Mrs. W. R. Chivvis, St. Louis, state president; Mrs. F. H. Littlefield, St. Louis; Mrs. Henry N. Ess, Mrs. Julia Thomas, Mrs. P. D. Peet, Miss Marie Goodman, Kansas City; Mrs. E. M. Platt, St. Joseph; Mrs. George Still, Kirksville; Mrs. Rora Ingles, Columbia; Mrs. Ada Elliott, Chillicothe; Mrs. Gilbert Fox, St. Louis; Mrs. F. P. Sned, Sedalia; Mrs. Robert Motley, Bowling Green; Mrs. Harry Blair, Carthage; Mrs. Clarence Baxter, Kirksville; Mrs. Richard Taafee, Carthage; Mrs. George Slayter, Joplin; Mrs. Clara B. Graham, Charlestown; Mrs. Charles V. Green, Columbia; Miss

Pearl Mitchell, Roachport; Mrs. Elizabeth Frazer, Hannibal; Mrs. Eugenia Rutherford, Moberly; Mrs. Herman Kuehlmer, Clinton; Mrs. George Dean, Rolla; Mrs. E. Boyd Miller, Aurora; Mrs. H. L. King, St. Louis, and Mrs. A. A. Hinche, Cape Girardeau.

TO HAVE BOND ELECION

Petition Filed Today Containing Over
100 Names for \$100,000 Issue
for Bridges.

A petition of taxpayers from Nodaway, Lincoln and Green townships was filed today with County Clerk Fred Yeomans requesting the county court to call a special election to vote on the proposition to issue \$100,000 in bonds for bridges and roads. There were over the required number of names on the petition, 100 being the necessary number.

Petitions from other townships will be circulated and filed with the court. Since the required number of signers have been secured, then the court will have to set aside a day for an election to vote on the proposition. This will be done at the November term of court. The bridges in the county are in a deplorable condition, and there are yet some twenty-five bridges that are out and no money to repair and build same.

MORE M. E. APPOINTMENTS.

Additional Names of Men Known in
Nodaway County.

A complete list of appointments of the Methodist conference at Cameron yesterday gives the names of certain men well known in Nodaway county. L. M. Jones, whose wife lived near Pickering, returns for his fourth year to Grace church in South St. Joseph.

J. L. Bilby, who has been at Barnard for the last two years, becomes pastor at Maysville. G. A. Wadding, who supplied at Graham last year, goes to Tarkio circuit this year. F. E. Schumtz, who was at Elmo, was sent to Novelty, Mo.

J. H. Thompson goes to Ridgeway and the pastor at Quitman for the coming year will be B. L. Burger.

TO MEETING OF SYNOD.

The Rev. William Moll Case Attending
Presbyterian Meeting at St. Louis.

The Rev. William Moll Case, pastor of the First Presbyterian church left last night for St. Louis to attend the meeting of the Missouri synod. Mr. Case formerly held a pastorate at St. Louis, and while there will visit old friends.

Mrs. Case left Sunday afternoon for St. Joseph to visit there during the absence of her husband in St. Louis.

CITY IMPROVERS MEET.

Dayton, First Manager System Municipality, Entertains Society.

Dayton, O., Oct. 12.—Mayor George W. Shroyer welcomed the delegates to the convention of the American Society for Municipal Improvement in a speech at the Miami hotel this morning. The city is given over to entertaining several hundred prominent engineers and other men interested in municipal improvements.

Engineers of finance, general administration, parks and playgrounds, waterworks and streets are represented, besides men interested in large asphalt plants, new street paving machines, brick and cement companies and steel companies.

In connection with this convention will be a convention of city managers. City Manager Henry M. Waite of Dayton is a member of the executive committee of both conventions.

The final sessions will be held Friday.

Visiting From Barnard.

Miss Mamie Bloom of Barnard is visiting Miss Mary Stundon of this city. She returned with Miss Stundon and Moyer Sawyer, who went to Barnard Sunday as the dinner guests of Mrs. Margaret Bloom.

Rained Half an Inch.

J. R. Brink announced at noon that the present rainfall was .57 of an inch. It is feared that October has not been able to break away from the bad habits of September, in spite of eleven fine days preceding.

AUTO STRIKES BOY

DONALD ZOOK KNOCKED DOWN BY
MONTGOMERY CAR.

NOT SERIOUSLY INJURED

He Was Riding on Wagon and Ran
From Behind It in Front of
Machine.

Donald Zook, 9 years-old, youngest son of Mr. and Mrs. James Zook, 322 South Main street, was struck and knocked down by an automobile at 6 o'clock last night in front of his home. He was not seriously injured.

The car was driven by Miss Ruth Montgomery, and her parents, Mr. and Mrs. J. F. Montgomery, were in the rear seat of their Hudson touring car. The car was so nearly stopped when it struck the boy that it did not run over a length farther, although passing over him. The wheels did not touch him.

Dr. F. M. Martin and Dr. K. C. Cummins reached the scene within a few moments. Miss Montgomery went for Dr. Martin in her car, while a neighbor was calling Dr. Cummins. After examination they said there were no internal injuries either to head or chest.

His lips were bruised and a knee was skinned and slightly wrenched, but he was not unconscious and was able to walk after being carried into the house by his sister, Miss Dortha Zook. Mr. Zook was at Skidmore working in the Grigsby orchards.

Mrs. May Denny, who was formerly a trained nurse, was a neighbor, indeed, and helped the doctors care for the boy. She remained at the bedside until "Don" dropped off to sleep.

Driver Not to Blame.

Those who saw the accident say that Miss Montgomery was in no way to blame. A crowd of children were playing at the corner of Main and Cooper streets, and she reduced her speed a block away when she saw them.

Don was on the opposite side of the street from his home and had just jumped from a dray wagon of Yowell & Sons and came from behind the wagon on a run diagonally toward the house across the street with his back almost turned to the car, which was coming south from the business part of town.

The Montgomery car was stopped within fifteen feet. Don saw the automobile before it reached him, but too late to avoid being hit. All concerned feel that it was most fortunate that serious results did not follow.

The boy is up and around today and almost well, but he can't remember anything which happened last night after he was hit, he says.

MRS. J. A. CRAWFORD, 65, DEAD.

Wife of Nodaway County Farmer Succumbs Last Night.

Mrs. Mary Crawford, 65 years old, the wife of Joseph A. Crawford, living near Wilcox, died at 9 o'clock last night at the family home, her death following a two years illness.

Mrs. Crawford was born in Pickaway county, Ohio, and was married there on March 4, 1864, to Mr. Crawford. Her maiden name was Mary J. Reichelderfer. With her husband she came to Nodaway county forty years ago and settled on the farm near Wilcox which was her home since that time. She is survived by her husband and three children. The children are Mrs. Ida Mendenhall, Mrs. Alice Saltzman and J. E. Crawford, all living near Wilcox. Two children are deceased. They were Mrs. Laura E. Brogan and Everett Crawford.

Mrs. Crawford is survived by one sister and two brothers, Mrs. Ella Harmon and Eli and Harvey Reichelderfer, living at Circleville, O. She also is survived by three grandchildren, Thelma and Ralph Brogan and Gladys Mendenhall.

The funeral services will probably be held at 10 o'clock Thursday morning at the home. The burial will be in the Wilcox cemetery.

RUSSIA ON OFFENSIVE.

Petrograd Asserts That German Line
in Galicia Is Broken.

Petrograd, Oct. 12.—The Russian army has broken the Teutonic line on the Strypa front in Galicia. The offensive continues with the enemy retreating behind Strypa, the Russian war office reports.

Two thousand Germans were captured and fourteen cannon.

PARENT-TEACHERS CLUB

Miss Gladys Holt, Teacher of Prairie
View School, and Patrons, Form
Organization.

A teacher-parents' association has been recently organized at the Prairie View school, near Clearmont, by Miss Gladys Holt, the teacher there. The new organization has about fifteen members and was formed for the purpose of making a closer connection between the school work and the homes of the students.

The association meets twice a month. The problems of the pupils are discussed by the parents and teacher. Entertainments and other amusements are taken up by the association.

Miss Holt will give a talk on her experience in this line at the Teachers' association, which will meet in Maryville this month.

TEACHERS' PROGRAM

WILL MEET TWO MORNINGS WITH
FARM INSTITUTE.

MISS MEREDITH COMING

President of Indiana Home Economics
Association a Fine Attraction—
Other Dates Made Definite.

"The Farm and Home Institute is bringing to Maryville an unequalled array of speakers and workers of national reputation. It is an opportunity which has not been granted to Nodaway county before and you should do your best to see that as many from your community take advantage of it as possible."

The above is quoted from the program of the County Teachers' Association which will be mailed to all the teachers of Nodaway county this week. President Ira Richardson of the State Normal School, and Superintendent Cooper feel that H. J. Waters, F. D. Coburn, Miss Virginia C. Meredith are speakers and workers which those interested in rural work particularly cannot afford to miss.

The acceptance of Miss Meredith was announced by President Richardson this morning. She is president of the Indiana Home Economics Association. That the Gentry county teachers will hold their sessions here at the same time has been decided. Other tentative dates have been definitely arranged for. The tractor exhibit will be given on the Normal field Wednesday afternoon, October 27. The prizes will be paid Saturday afternoon.

All enrollment must be made on or before October 15 for the exhibits and all exhibits must be in place before Thursday noon, October 28. The first session of the Teachers will be Thursday morning in the Normal auditorium. The joint session will begin at 9:30 and the principal speaker will be H. J. Waters, president of the Kansas State Agricultural College.

The program of the other sessions of the Teachers' Association follows:

Thursday Afternoon.
1:30 Violin Solo—Miss Katherine Carpenter.

SERVIA IS WINNING

BALKAN NATION CLAIMS LARGE
SUCCESS AT SEMENDRIA.

CAPTURE AND RECAPTURE

Teutons Assert They Are Moving Into
Servia After Winning Semendria—Great Loss.

Special to The Democrat-Forum.

Nish, Oct. 12.—It was announced by the Servian war office that the Germans who crossed the Danube river southeast of Belgrade were driven back across the river with heavy losses.

A force reaching Semendria were almost annihilated by bayonets, and most of the remainder were drowned trying to retreat across the river. The attacks of the Teutons have been repulsed at all places.

The Servian army has taken the offensive at Morahva and along the Milawa river. Several towns were recaptured.

Violent fighting continues in the hills around Belgrade. Several crests have been captured by the Germans, only to be recaptured by the Servians. This has happened four or five times on one hilltop.

The artillery bombardment of the Germans has continued incessantly for three days.

All Bulgarian Attacks Repulsed.
London, Oct. 12.—The Servian legation here announced that Bulgaria opened war on Servia Monday and began hostilities along the Vlasina river. All were repulsed, it is asserted.

Germans Claim Semendria.
Berlin, Oct. 12.—The German troops have crossed the Danube and captured Semendria, opening a way for an advance into Servia.

James Whitecomb Riley.

The sixty-second birthday of James Whitecomb Riley, the children's poet, is being celebrated by the grownups. That sort of thing always happens when a person writes any really great stuff for children, the elders take it to themselves.

Take Stevenson's "Child's Garden of Verse," or the poems of Eugene Field, or Kipling's "Jungle Books" and "Just So Stories," or Joel Chandler Harris's "Uncle Remus," or the Louisa M. Alcott books. Fathers and mothers, buy them for the children, and then read them themselves. So it is with the verse of the author of "Little Orphan Annie" and "The Old Swimmin' Hole." The presence of the distinguished persons at the celebration in Indianapolis today testifies to the regard and admiration in which James Whitecomb Riley and his writings are held—a regard and admiration without age limitations.

The fact is that the eternal child within us responds to the things that appeal to childhood. Few of us ever get so sober and sedate and preoccupied with the cares of this world and the deceptiveness of riches as not to be essentially merely older boys and girls. The old swimming hole and the goblins of the scary dark are still part of our lives. So long as we have memory and imagination they will abide with us. Heaven help us if we ever reach a point where those fond recollections fail to give us a thrill—K. C. Star.

To Camp in Ozarks.

Mr. and Mrs. Joseph Jackson, Jr., and Roy Curfman of this city and Mr. Jackson's sister, Mrs. Paul Ream of Kansas City will leave Friday morning for Branson, Taney county, where they will spend two weeks. They will take a cottage at Lake Taneycomo and spend the time in outdoor recreation. Paul Sisson may also join the party.

Did All He Could.

"Now," said the nervous old woman to the druggist, "are you sure you have that medicine mixed right?"
"No, ma'am," said the conscientious apothecary, "I wouldn't go so far as that, but I've got it mixed the way the doctor ordered it."

Rev. C. H. John, who formerly lived here, was greeting friends here today. He came through here on his way home from Cameron, where he had been attending the Methodist conference.

Ambassador Morgenthau Reports Massacres More Severe Since Bulgaria Entered War.

Special to The Democrat-Forum.
Washington, Oct. 12.—Ambassador Morgenthau informed the state department today that the Turkish massacres in Armenia had been renewed with great vigor since the entrance of Bulgaria into the war.

According to the report of the minister to Turkey a majority of the Armenians have been killed.

FIVE HERE OFF TO WAR

Greeks Left Last Night After Message
to Wilcox From Omaha in
Their Language.

Five Greeks of the gang working at Wilcox left last night for Omaha, from where they will go to their home country to enter the army.

The agent at Wilcox delivered the men a telegram last night which caused the men to leave. Others are expected to go today or tomorrow.

The telegram was in the Greek language, so it is not known what the nature of the message was to the men, but it was potent enough to cause the men to leave within a few hours.

PELTZER SUICIDE PACT

Theodor's Secretary Reported to Have
Told of Brothers' Death Agree-
ment to Get Insurance.

HERMAN TRIED TO DIE FIRST.

Special to The Democrat-Forum.

Kansas City, Oct. 12.—Reliable report around the court house here is that Mrs. Leah Wilson, confidential assistant of Theodor Peltzer, has confessed a suicide pact to Judge Ralph S. Latshaw.

In the presence of Prosecuting Attorney Jacobs, she is believed to have said that the two brothers had agreed that one or the other should fall from the office window and the insurance would pay the losses of the firm.

Theodor Peltzer began talking out insurance five years ago with the determination that his creditors should lose nothing. This condition continued for several years and then speculating commenced. Plunging followed, with the hope that his luck would change and he could get back on a firm foundation.

All the money would be needed to pay the interest in the event of an exposure and the insurance premiums were increasing steadily. Finally Theodor Peltzer took Mrs. Wilson into his confidence, telling her that if she exposed him he would jump from the window.

About this time Herman, the brother, learned that things were not going right and began taking out insurance. It was agreed that one should die for the other. Only a week before Theodor's death, Herman's automobile was almost crushed when he drove it through a gate at a grade crossing and stopped on the railroad tracks.

Special to The Democrat-Forum.

Braves Park, Boston, Oct. 12.—The third consecutive 2-1 world series game has been played, and for as many times Boston has been on the long end of the score. The games now stand Boston 3, Philadelphia 1, and the Red Sox need to win only tomorrow's game to have the title of world's champions.

Boston scored in the third, when Barry was walked and advanced on a sacrifice and a single. The Sox tallied again in the sixth. The Phillies saved a shutout by pushing over one in the eighth.

Shore was returned a victor today, but he let the Phillies get seven hits from him today, whereas they could get only five in the game he lost to Alexander. The Sox made their daily error, while the Quakers played their usual spotless game on the defense.

Today is a legal holiday in Massachusetts and a crowd which would make the great record of yesterday look small was expected when it was seen that the day would be bright and clear. It seemed that all Boston was trying to get into the park when the tickets were placed on sale.

The odds went to 5 to 2 on Boston for the series and 3 to 2 on Boston for today's game. The general feeling is that the Phillies have made a brilliant defensive showing, equaling the Red Sox in that respect, but have failed miserably in hitting and offensive.

Moran realizes this and has been doing all that he could to remedy the hitting.

DIES AT ST. JOSEPH HOSPITAL.

Funeral Services for Mrs. Walter
Myers to Be Held at Skidmore
Tomorrow.

Mrs. Walter Myers, 19 years old, living at Skidmore, died at 10 o'clock last night at the Sisters' hospital in St. Joseph. Mrs. Myers was taken to St. Joseph a week ago to undergo an operation which failed to bring any benefit.

The body will reach there tonight and the funeral services will be held at 2:30 o'clock tomorrow afternoon at the Methodist church. Mrs. Myers is a daughter of Mrs. A. H. Garbrett of Skidmore.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it is swollen, and the sound of the hearing is lost, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

INCREASE CADETS WEST POINT PLAN

Superintendent's Report Outlines Needs of 1,300 Body.

MAY DOUBLE SIZE OF CORPS

In Event Congress Authorizes That Increase It Should Appropriates \$1,900,000, Colonel Townsley Believes. Would Bring Into Army 300 West Pointers Every Year.

West Point, N. Y.—That a serious effort will be made in the next congress to increase the number of cadets at the Military academy here to 1,200 or 1,300, which would increase the corps to the peace strength of a regiment and would bring into the army about 300 West Pointers every year, about twice as many as is now the case, is indicated in the annual report of Colonel C. P. Townsley, the superintendent of the academy, just sent to the war department.

Colonel Townsley believes that 1,300 is the maximum strength to which the West Point corps can be increased, and he points out that in the event congress authorizes that increase it should appropriate the money needed to house and care for the increased number of cadets, which would be about \$1,900,000.

If the corps is increased a new mess hall, a new barracks building, a new hospital, new quarters for officers and

COLONEL TOWNSLEY

their families, who will be ordered here as instructors, are among the structures that will be imperatively needed and immediately. The plans for these buildings and the enlargement, reconstruction or rearrangement of others, it is understood, can be available at any time.

In addition to improvements and whether the corps is increased or not, Colonel Townsley recommends that an appropriation of \$350,000 be made for a new hotel on the government reservation, to take the place of the present "three bath" structure, which has the distinction of being the oldest hotel in the Hudson valley.

"If an increase of the corps of cadets to 1,200 or 1,300 is authorized," Colonel Townsley adds, "this increase should be gradual and distributed over a period of four years, so as not to have the increase occur all in one class."

Colonel Townsley directs attention to the fact that many candidates for cadetships are rejected because of physical defects, eighty of the 483 examined the past year having failed. He observes, however, that the physical requirements are none too rigid for those who will be expected to meet the strenuous life in field service.

"With the law of 1910, which is now extended to 1923, in force and the present standards for entrance maintained," says the report, "I believe that the academy can secure enough cadets to keep up its capacity of 700 very closely. The desire of the academy being to secure the best and most promising material for officers in the regular army, there should be no lowering of its standards for entrance or of its requirements as to discipline or academic work."

MY! HE'LL BE BUSY.

Weds Widow With Eighteen Children; Grandfather of Thirteen Others.

Camden, N. J.—George Washington Henry, fifty-five, a Hurffville blacksmith, married Mrs. Henrietta Verfilice, sixty-four, a widow of Gloucester City, and the wedding increased the number of his near relatives by eighteen—the children of his wife, Mrs. Verfilice kept a little store in Gloucester City, and it was there that the couple met.

Not content with stepfathering all the young Verfilices, Henry will also take up the job of step-grandfathering thirteen other young people. The ceremony was performed in Gloucester City's city hall by Mayor Anderson. Henry is thinking of starting a card index system to keep all his new relatives in order, it is said.

MISSOURI SUFFERERS FIND GREAT REMEDY

Thousands needlessly suffer from stomach ailments, handicapped in their work and pleasure. The stomach is the mainspring of life and the body cannot run without it.

You want to be well quick.

A great many people in Missouri and thousands all over the country have found the way to health by the use of Mayr's Wonderful Remedy. The first dose shows results. Here are the words of two Missourians:

Mrs. J. B. Trullinger of Norborne, Mo., wrote: "Words cannot express my appreciation of your medicine. I have felt fine all summer and fall. Am gaining weight."

W. T. Jennings, cashier of Bank of Bois D'Arc, Mr., writes: "Please send four more bottles of the stomach remedy. Both my wife and I use this medicine and think it truly wonderful."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

NEW CORN AND CHOLERA.

But Unwise Feeding Makes Hogs Less Resistant to Disease.

Hog cholera is not a direct result of feeding new corn, according to E. P. Spence of the Missouri College of Agriculture. It may gain a foothold more readily if the hog's resistance is reduced by unwise feeding, but the disease itself can result only from infection with a specific, invisible germ, obtained directly or indirectly from other hogs.

If the herd is thrown off feed by eating too much green corn, or by eating corn that is immature, the disease will be more readily contracted and it is often noted that a new outbreak of cholera follows the first use of new corn for hogs. Avoid danger by changing the kind or amount of feed gradually. Feed the hogs some new corn for a while before turning them into the field. Young shoats may be turned into corn that is not down too badly with less preliminary feeding than the older hogs that can break down the corn more quickly.

WILSON AND CABINET PRAYED

Bishop Tells of Incident at White House—Informed by Senator.

Indianapolis.—How President Wilson went down on his knees and led his cabinet in prayer at a recent meeting was told here by Bishop William F. Anderson of Cincinnati at a session of the Indiana Methodist Episcopal conference.

A United States senator told the bishop of the incident. The senator had heard it from one of the cabinet members who had prayed with the president.

"When the president arrived at the cabinet meeting," said Bishop Anderson, "his face was solemn. It was evident that serious affairs of the nation were on his mind. He said to the cabinet members:

"I don't know whether you men believe in prayer or not. I do. Let us pray and ask the help of God."

"And right there the president of the United States fell upon his knees, and the members of the cabinet did the same, and the president offered a prayer to God."

MAKE MUDHOLES FOR LIVING.

Missourians Cultivate Traps For Automobiles, Official Charges.

Jefferson City, Mo.—That mudholes in the road are carefully nurtured in many communities in Missouri by persons who find it profitable to pull automobiles out of them when they get stuck is charged by State Highway Commissioner Buffum in a road bulletin.

The issuance of this bulletin followed the action of a Callaway county farmer, who refused to pull the automobile of Mrs. James Houchin out of a creek bed until she gave him \$25.

THIRTEEN EXPLAINS DEFEAT.

Unlucky Number Was Also Aided by Killing Black Cat.

California, Pa.—T. J. Underwood, comptroller of Washington county, ascribes to "thirteens" his defeat as candidate for sheriff at the primaries.

In the first place his name, Tom J. Underwood, contains thirteen letters. The license number of his fellow campaign car was 113. On Friday, Aug. 13, while riding in his car with another candidate now numbered among the also rans, he ran over and killed a black cat. The number of signers on Mr. Underwood's petition was 113.

CAN RUN TRUCK FARM AND YET USE NO LAND

Says He Found Way to Grow
Plants on Chemical Diet.

Cleveland, O.—J. A. Smith, manager of a drug store here, claims to have growing in his greenhouse healthy sweet corn planted in absorbent cotton which has been treated only with the proper chemical food the corn requires. In another greenhouse, he declares, he has tomatoes thriving in washed lake sand.

Mr. Smith has worked on his discovery for seven years. He believes he has learned just what food each plant requires and in just what proportions to feed it nitrogen, potash and the other necessary chemicals. He claims to have a diet formula for almost every known plant and vegetable.

Having made an analysis of the soil, he introduces the chemicals in which that soil is weak for the production of a given plant. Any kind of soil will do. Even cinders will suffice. The only use for the soil in Mr. Smith's process is to support the plant stalk just as a trellis supports the grapes or sweet peas.

This is why, Mr. Smith contends, it is possible to grow plants in absorbent cotton. He merely saturates the cotton with a solution of the natural food for the plant it is intended to grow.

Mr. Smith is negotiating with men who, he declares, are planning to commercialize his discovery. He would establish service stations in Cleveland and other cities.

Does your lawn refuse to become green in a soil of hard clay? Send for Mr. Smith and let him put the grass on a diet. Do you own a greenhouse, and is it expensive to haul fertile soil from a distance? Send for Mr. Smith. He'll show you how to raise carnations in lake sand. "It's easy," he says, with a smile, "when you know the food carnations need."

RATTLER'S FANGS MISS HIM.

Snake Strikes Negro's Overalls and Can't Get Loose.

Jefferson City, Mo.—A negro farm hand cutting corn felt several sharp tugs at his overalls and thought he had become caught in briars. Glancing over his shoulder, he saw a rattlesnake five feet long. Reaching around with his corn knife, he managed to sever the snake just back of the head.

The snake had buried its curved fangs, nearly an inch in length, in the slack of the negro's overalls and could not disengage them.

At Eighty-three Drives 400 Miles.

Glen Easton, W. Va.—George W. Grant, eighty-three years old, who drove 400 miles with a thirty-six-year old horse from here to Wilmington, Del., has returned to this city by rail. It required sixty-one days to make the drive. Mr. Grant drove to Delaware to see his children, whom he had not seen in forty-six years.

CLOVER GOOD FALL PASTURE.

But Must Not Be Left Too Short for the Winter.

The clover crop makes about half its growth during the last thirty days of the grazing period, so it can be more heavily grazed at that time than earlier. Care should be taken, however, not to leave it too short for the winter, as enough foliage should remain to hold the snow and insure a good early start in the spring.

Rye sowed at the proper time is valuable for fall and early spring pasture and incidentally prevents soil washing during the winter. It will

save many feed bills and play an important part in keeping up the milk flow—J. G. Watson, Missouri College of Agriculture.

Redeem Your Karo Syrup Labels— Karo Premium Offer

SEND us labels from 50 cents worth of Karo (red or blue) and 85 cents and receive this Wonderful 10 1/2 inch Aluminum Griddle by prepaid parcels post. This griddle retails regularly at \$2.25. It cooks uniformly on entire baking surface. Needs no greasing, therefore does not smoke, is as light and bright as a new dollar, never rusts, easily kept clean, will not break and lasts a lifetime.

At great expense we are seeking to place a Karo Aluminum Griddle in the homes of all Karo users, so that Karo—the famous spread for griddle cakes and waffles—may be served on the most deliciously baked cakes that can be made.

Karo the Syrup Choice on
Thousands of American Tables

THE woman who keeps the syrup pitcher filled knows better than anyone else how strong the men of her household are for Karo on the griddle cakes, hot biscuits, bread and waffles.

She may not know how many thousand cans of Karo are used in her home state, but she does know how often her own Karo pitcher is emptied. The forehanded housewife buys Karo by the dozen and keeps it in the pantry ready for the daily filling of the syrup pitcher.

The Epworth League of the First Methodist church will give a Hallowe'en social Friday night, October 29, in the attic of the H. C. Bower residence, on South Buchanan street.

Dean Dinner Party.

Dr. and Mrs. Leslie E. Dean were the hosts of a dinner given Saturday at their home, at which their guests were Mr. and Mrs. Harve Thompson and children, Mr. and Mrs. Ernest Shelton and family, and Mrs. Lillie Dean Shelton.

Shreve Dinner Party.

Mr. and Mrs. Ed Shreve of Pickering were the hosts of a dinner party given at their home Friday evening, at which plates were laid for Mr. and Mrs. Omer Strong, Mr. and Mrs. Richard Spurgin, Miss Jennie Pugh and the hosts.

K. of C. to Entertain.

The Knights of Columbus are planning a series of entertainments and social evenings for the winter months which they hope will be very enjoyable to their members and friends. Wednesday night of this week they will give a card party and dance in their lodge rooms in the Dr. F. M. Ryan building. The committee for the evening is composed of J. Ed Costello, Thomas Tobin, William Linneman, Paul Cook and Edward Linneman.

Mrs. Shreve Hostess.

Mrs. A. F. Shreve of Pickering entertained a few friends with an informal Kensington and supper Saturday night. Those who enjoyed the evening were Mrs. E. L. Crowson, Mrs. C. G. McMillen, Mrs. James Neal, Mrs. Stewart Robinson and small daughter, Violet; Mrs. Charley Alexander, Mrs. Ed Shreve and Miss Jennie Pugh.

Willard Dinner Party.

Mrs. S. A. Willard gave a dinner at noon Sunday at her home, on South Main street, at which plates were laid for Mr. and Mrs. Luther Eckles and Mr. and Mrs. Jake Eckles and two children of Graham; Mr. and Mrs. LeRoy Lippman, Mr. and Mrs. James Eckles, Mr. and Mrs. J. F. Cook, Mrs. Emma Eckles, Miss Margaret Lee Winston, Miss Leona Willard, Clarence Cook and the hostess.

To Meet With Mrs. Wright.

The Young Ladies' Mission Circle of the First Christian church will open its fall programs at a meeting held at 2:30 o'clock Saturday afternoon at the home of Mrs. George Pat Wright, 222 South Walnut street. The occasion celebrates the eleventh anniversary of the organization of the circle, and an extra program has been arranged for the afternoon. The presence of all members is expected.

Society Meets at Mutz Home.

The Young Women's Missionary society of the First Methodist church was entertained at the home of Mrs. Harry Mutz Saturday afternoon, with Mrs. Mutz, Mrs. Charles Moore and Miss Kate Willis, hostesses. Mrs. Ed Wolfert was the leader of the afternoon's program, and the numbers were given by Mrs. Wolfert, Miss Isora Mutz and Mrs. Rolla Alexander.

Dinner at Parkdale Farm.

Mr. and Mrs. Dale Bellows were hosts of a dinner given last night at

Birthday Party.

Invitations are out announcing a birthday party given by Lewis DeHart and Lieber Holmes at their place of business in Maryville, on Oct. 13-14-15 and 16. This week marks the close of their second year's business as Maryville's Live Jewellers. They have planned a very novel and unique entertainment for their friends and customers, which is best explained by the word "UNUSUAL." One of the most novel features of this UNUSUAL event is a Private Auction. The idea of this is to give every person attending this function an opportunity to place his or her estimate upon any article without the necessary embarrassment one's mind generally connects with the word "Auction." All estimates or bids are entertained privately in writing.—Adv.

PRINCE ALBERT

the national joy smoke

is such good tobacco you feel like you could just eat the smoke!

The toppy red bag, 5c

Yes, sir, P. A. puts a razor edge on your smoke-appetite-division that's nobby enough to be photographed! No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette. For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy's to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bullfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best bet—the best smoke

you or any other man ever did roll and put the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which means rolling P. A. is as easy as falling off a log. And it's good to remember P. A. is put up in the toppy red bag especially for you "rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears? Here's tobacco that has made it possible for three men to smoke pipes where one smoked before!

Any way you hook it up, Prince Albert is tobacco insurance! Yes, sir, it guarantees your future as well as your present smokings! And just makes your tongue so jimmy pipe joy's that your smoke appetite grows whopping big. You men who "dassn't," we say you go to P. A., natural-like! Because there isn't a bite in a barrel of this national joy smoke.

Unlimber your old jimmy pipe! Dig it out of the dark corner, jam it brimful of P. A. And make fire with a match! Me-o-my!

You get acquainted with Prince Albert in the toppy red bag, 5c; or tidy red tin, 10c, but for the double-back-action-joy, you buy a crystal-glass pound humidor. And then you're set! You see, it has the sponge-moistener top and keeps P. A. at the highest top-notch point of perfection. Prince Albert is also sold in pound and half-pound tin humidors.

The tidy red tin, 10c

3,000 M. U. ALUMNI IN MO.

Forty Per Cent of Graduates of State University Are Scattered Through 45 States and 22 Foreign Lands

Nearly 3,000, or 60 per cent of the graduates of the University of Missouri at Columbia, are now living in the state of their alma mater. The others are scattered through forty-five states of the United States and in twenty-two foreign countries.

According to the alumni directory recently issued by the University, the state outside of Missouri having the largest number of Missouri graduates in its borders is Oklahoma. There are 181 Missouri alumni in Oklahoma. Illinois comes next, being the home of 155 graduates, California of 122, New York of 107, and Texas of 103. The large number of graduates of the state university in states so widely scattered shows the wide distribution of the alumni of the University.

There are 103 Missouri alumni now living in twenty-two foreign countries. They are distributed as follows: Alaska, 2; Brazil, 5; Bulgaria, 2; Canada, 12; Chile, 15; Cuba, 2; Egypt, 1; England, 1; Germany, 1; Hawaii, 6; India, 2; Japan, 7; Mexico, 9; Panama, 8; France, 1; Philippine Islands, 20; Porto Rico, 4; Russia, 1; Uruguay, 1; Scotland, 1; Spain, 1.

There are no Missouri graduates located in Indiana, South Carolina, or Rhode Island, according to the records of the Alumni Association. There are approximately 5,000 graduates of the University of Missouri now living. Degrees were granted to about 400 men and women in June, 1915.

SENTENCE FARM POINTERS.

Agricultural Tips From the M. U. Exhibits at the State Fair.

Drag your roads. Select seed corn sure. Cut close to the trunk in pruning. Keep borers and codling moths out of the orchard. The King drag is the great road improver.

Dispose of farm sewage by means of a home made septic tank.

Cider vinegar made from the wind-falls should help fill your pocket-book. Stone and gravel roads may be needed if the drag cannot do the work.

One county agent has introduced at least half a dozen new grains hitherto not grown in his county.

Hessian fly inquiries are numerous. Destroy volunteer wheat and sow as late as possible.

Poultry furnishes an average income of \$122 per farm in Missouri.

Know your insect friends. Without the flies and wasps that kill the Hessian fly, wheat growing might be entirely impossible in Missouri.

Medals were won at the Panama-Pacific Exposition by Missouri vetch, rye, oats, and wheat, produced in a county that has a county agent.

Boys' corn stringing and girls' chicken dressing contests interested the crowds at the state fair. Try them at your county fair and other meetings.

Good road-building material is found in practically every county, according to the University of Missouri exhibits shown at the state fair. It ought to be used to banish poor roads.

Oil properly applied helps greatly, but the dust must be removed, and the surface broken up and loosened about two inches deep; otherwise the oil stands in pools or runs into the ditch.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapiesin" Reaches the Stomach All Distress Goes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, let this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

MOTHER, DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

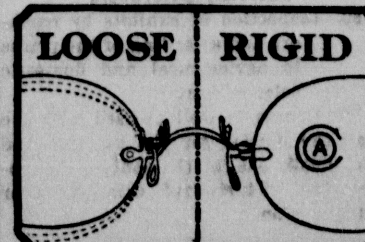

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the California Fig Syrup Company.

NOTABLE WOMEN GATHER IN CITY

EXECUTIVE BOARD OF STATE
FEDERATION IN SESSION.

DISTRICT MEET OPENS HERE TOMORROW NIGHT

Mrs. W. R. Chivvis, State President,
and Mrs. Henry N. Ess to Speak—
Reception at Normal.

One of the most distinctive and by far the most notable gathering of women ever held in this city began this morning, when the members of the state board of the Missouri Federation of Women's clubs assembled in a two days' executive session.

This board is composed of twenty-five of the representative women of the state, and women prominent in civics, education, home economics, industrial and social movements for the betterment of conditions all over the state.

In addition to the board meeting tomorrow the first district federation annual convention opens tomorrow night, and it brings to the city about fifty delegates and club women, who, with the board members, will be guests of the Maryville club women until Thursday night.

District Convention Tomorrow Night.
The formal opening of the district meeting will be at 8 o'clock tomorrow night, with a reception at the State Normal school. Dinner will be served at the First Christian church tomorrow night for the visitors.

Thursday morning and afternoon until 4 o'clock will be devoted to club sessions. Luncheon and dinner will be served the visitors at the First Christian church, where the meetings will be held, and at 4 o'clock Thursday an auto ride will be one of the features of entertainment.

The meetings of the board are being presided over by Mrs. W. R. Chivvis of St. Louis, state president. Mrs. Chivvis is on the program for Wednesday night at the opening of the district convention.

Prominent Women to Speak.

Two women prominent in the state suffrage movement attending the board meeting are Mrs. Henry N. Ess of Kansas City and Mrs. Emily Newell Blair of Chillicothe. Mrs. Ess makes one of the principal addresses of the Thursday afternoon program. In company with Miss Marie Goodman of Kansas City, vice president at large of the state federation, Mrs. Ess arrived in Maryville at noon today. Miss Goodman speaks Thursday afternoon at the convention, heading the discussion of "What Are the Duties and Privileges of a Delegate?"

Mrs. Ess spoke in this city three years ago before a meeting of the Twentieth Century club. She is an unusually interesting woman, knows her subject and knows how to tell it and the club women are anticipating a treat in her lecture.

Mrs. George Still of Kirksville, a member of the state board, is being entertained while here at the home of her brother-in-law, Senator Anderson Craig, and Mrs. Craig.

The members of the board present today are:

Mrs. W. R. Chivvis, St. Louis, state president; Mrs. F. H. Littlefield, St. Louis; Mrs. Henry N. Ess, Mrs. Julia Thomas, Mrs. P. D. Peet, Miss Marie Goodman, Kansas City; Mrs. E. M. Platt, St. Joseph; Mrs. George E. Kirkville; Mrs. Rora Ingles, Columbia; Mrs. Ada Elliott, Chillicothe; Mrs. Gilbert Fox, St. Louis; Mrs. F. P. Sneed, Sedalia; Mrs. Robert Motley, Bowling Green; Mrs. Harry Blair, Carthage; Mrs. Clarence Baxter, Kirksville; Mrs. Richard Taffee, Carthage; Mrs. George Slayter, Joplin; Mrs. Clara B. Graham, Charlestown; Mrs. Charles V. Green, Columbia; Miss

Pearl Mitchell, Roachport; Mrs. Elizabeth Fraser, Hannibal; Mrs. Eugenia Rutherford, Moberly; Mrs. Herman Kuellmer, Clinton; Mrs. George Dean, Rolla; Mrs. E. Boyd Miller, Aurora; Mrs. H. L. King, St. Louis, and Mrs. A. A. Hinche, Cape Girardeau.

TO HAVE BOND ELECION

Petition Filed Today Containing Over
100 Names for \$100,000 Issue
for Bridges.

A petition of taxpayers from Nodaway, Lincoln and Green townships was filed today with County Clerk Fred Yeomans requesting the county court to call a special election to vote on the proposition to issue \$100,000 in bonds for bridges and roads. There were over the required number of names on the petition, 100 being the necessary number.

Petitions from other townships will be circulated and filed with the court. Since the required number of signers have been secured, then the court will have to set aside a day for an election to vote on the proposition. This will be done at the November term of court.

The bridges in the county are in a deplorable condition, and there are yet some twenty-five bridges that are out and no money to repair and build same.

MORE M. E. APPOINTMENTS.

Additional Names of Men Known in
Nodaway County.

A complete list of appointments of the Methodist conference at Cameron yesterday gives the names of certain men well known in Nodaway county. L. M. Jones, whose wife lived near Pickering, returns for his fourth year to Grace church in South St. Joseph.

J. L. Bilby, who has been at Barnard for the last two years, becomes pastor at Maryville. O. A. Wadding, who supplied at Graham last year, goes to Tarkio circuit this year. P. E. Schumtz, who was at Elmo, was sent to Novelty, Mo.

J. H. Thompson goes to Ridgeway and the pastor at Quitman for the coming year will be B. L. Burger.

TO MEETING OF SYNOD.

The Rev. William Moll Case Attending
Presbyterian Meeting at St. Louis.

The Rev. William Moll Case, pastor of the First Presbyterian church left last night for St. Louis to attend the meeting of the Missouri synod. Mr. Case formerly held a pastorate at St. Louis, and while there will visit old friends.

Mrs. Case left Sunday afternoon for St. Joseph to visit there during the absence of her husband in St. Louis.

CITY IMPROVERS MEET.

Dayton, First Manager System Municipality, Entertains Society.

Dayton, O., Oct. 12.—Mayor George W. Shroyer welcomed the delegates to the convention of the American Society for Municipal Improvement in a speech at the Miami hotel this morning. The city is given over to entertaining several hundred prominent engineers and other men interested in municipal improvements.

Engineers of finance, general administration, parks and playgrounds, waterworks and streets are represented, besides men interested in large asphalt plants, new street paving machines, brick and cement companies and steel companies.

In connection with this convention will be a convention of city managers. City Manager Henry M. Waite of Dayton is a member of the executive committee of both conventions.

The final sessions will be held Friday.

Visiting From Barnard.

Miss Mamie Bloom of Barnard is visiting Miss Mary Stundon of this city. She returned with Miss Stundon and Moyer Sawyer, who went to Barnard Sunday as the dinner guests of Mrs. Margaret Bloom.

AUTO STRIKES BOY

DONALD ZOOK KNOCKED DOWN BY
MONTGOMERY CAR.

NOT SERIOUSLY INJURED

He Was Riding on Wagon and Ran
From Behind It in Front of
Machine.

Donald Zook, 9 years-old, youngest son of Mr. and Mrs. James Zook, 322 South Main street, was struck and knocked down by an automobile at 6 o'clock last night in front of his home. He was not seriously injured.

The car was driven by Miss Ruth Montgomery, and her parents, Mr. and Mrs. J. F. Montgomery, were in the rear seat of their Hudson touring car. The car was so nearly stopped when it struck the boy that it did not run over a length farther, although passing over him. The wheels did not touch him.

Dr. F. M. Martin and Dr. K. C. Cummins reached the scene within a few moments. Miss Montgomery went for Dr. Martin in her car, while a neighbor was calling Dr. Cummins. After examination they said there were no internal injuries either to head or chest.

His lips were bruised and a knee was skinned and slightly wrenched, but he was not unconscious and was able to walk after being carried into the house by his sister, Miss Dortha Zook. Mr. Zook was at Skidmore working in the Grigsby orchards.

Mrs. May Denny, who was formerly a trained nurse, was a neighbor, indeed, and helped the doctors care for the boy. She remained at the bedside until "Don" dropped off to sleep.

Driver Not to Blame.

Those who saw the accident say that Miss Montgomery was in no way to blame. A crowd of children were playing at the corner of Main and Cooper streets, and she reduced her speed a block away when she saw them.

Don was on the opposite side of the street from his home and had just jumped from a dray wagon of Yowell & Sons and came from behind the wagon on a run diagonally toward the house across the street with his back almost turned to the car, which was coming south from the business part of town.

The Montgomery car was stopped within fifteen feet. Don saw the automobile before it reached him, but too late to avoid being hit. All concerned feel that it was most fortunate that serious results did not follow.

The boy is up and around today and almost well, but he can't remember anything which happened last night after he was hit, he says.

MRS. J. A. CRAWFORD, 65, DEAD.

Wife of Nodaway County Farmer Succumbs Last Night.

Mrs. Mary Crawford, 65 years old, the wife of Joseph A. Crawford, living near Wilcox, died at 9 o'clock last night at the family home, her death following a two years illness.

Mrs. Crawford was born in Pickaway county, Ohio, and was married there on March 4, 1864, to Mr. Crawford. Her maiden name was Mary J. Reichelderfer. With her husband she came to Nodaway county forty years ago and settled on the farm near Wilcox which was her home since that time. She is survived by her husband and three children. The children are Mrs. Ida Mendenhall, Mrs. Alice Saltzman and J. E. Crawford, all living near Wilcox. Two children are deceased. They were Mrs. Laura E. Brogan and Everett Crawford.

Mrs. Crawford is survived by one sister and two brothers, Mrs. Ella Harmon and Eli and Harvey Reichelderfer, living at Circleville, O. She also is survived by three grandchildren, Thelma and Ralph Brogan and Gladys Mendenhall.

The funeral services will probably be held at 10 o'clock Thursday morning at the home. The burial will be in the Wilcox cemetery.

PARENT-TEACHERS CLUB

Miss Gladys Holt, Teacher of Prairie
View School, and Patrons, Form
Organization.

A teacher-parents' association has been recently organized at the Prairie View school, near Clearmont, by Miss Gladys Holt, the teacher there. The new organization has about fifteen members and was formed for the purpose of making a closer connection between the school work and the homes of the students.

The association meets twice a month. The problems of the pupils are discussed by the parents and teacher. Entertainments and other amusements are taken up by the association.

Miss Holt will give a talk on her experience in this line at the Teachers' association, which will meet in Maryville this month.

TEACHERS' PROGRAM

WILL MEET TWO MORNINGS WITH
FARM INSTITUTE.

MISS MEREDITH COMING

President of Indiana Home Economics
Association a Fine Attraction—
Other Dates Made Definite.

"The Farm and Home Institute is bringing to Maryville an unequalled array of speakers and workers of national reputation. It is an opportunity which has not been granted to Nodaway county before and you should do your best to see that as many from your community take advantage of it as possible."

The above is quoted from the program of the County Teachers' Association which will be mailed to all the teachers of Nodaway county this week. President Ira Richardson of the State Normal School, and Superintendent Cooper feel that H. J. Waters, F. D. Coburn, Miss Virginia C. Meredith are speakers and workers which those interested in rural work particularly cannot afford to miss.

The acceptance of Miss Meredith was announced by President Richardson this morning. She is president of the Indiana Home Economics Association. That the Gentry county teachers will hold their sessions here at the same time has been decided. Other tentative dates have been definitely arranged for. The tractor exhibit will be given on the Normal field Wednesday afternoon, October 27. The prizes will be paid Saturday afternoon.

All enrollment must be made on or before October 15 for the exhibits and all exhibits must be in place before Thursday noon, October 28. The first session of the Teachers will be Thursday morning in the Normal auditorium. The joint session will begin at 9:30 and the principal speaker will be H. J. Waters, president of the Kansas State Agricultural College.

The program of the other sessions of the Teachers' Association follows:

SERVIA IS WINNING

BALKAN NATION CLAIMS LARGE
SUCCESS AT SEMENDRIA.

CAPTURE AND RECAPTURE

Teutons Assert They Are Moving Into
Servia After Winning Semendria—Great Loss.

Special to The Democrat-Forum.

Nish, Oct. 12.—It was announced by the Servian war office that the Germans who crossed the Danube river southeast of Belgrade were driven back across the river with heavy losses.

A force reaching Semendria were almost annihilated by bayonets, and most of the remainder were drowned trying to retreat across the river. The attacks of the Teutons have been repulsed at all places.

The Servian army has taken the offensive at Morahva and along the Milava river. Several towns were recaptured.

Violent fighting continues in the hills around Belgrade. Several crests have been captured by the Germans, only to be recaptured by the Servians. This has happened four or five times on one hilltop.

The artillery bombardment of the Germans has continued incessantly for three days.

All Bulgarian Attacks Repulsed.

London, Oct. 12.—The Servian legation here announced that Bulgaria opened war on Servia Monday and began hostilities along the Vilasina river. All were repulsed, it is asserted.

Germans Claim Semendria.

Berlin, Oct. 12.—The German troops have crossed the Danube and captured Semendria, opening a way for an advance into Servia.

James Whitcomb Riley.

The sixty-second birthday of James Whitcomb Riley, the children's poet, is being celebrated by the grownups. That sort of thing always happens when a person writes any really great stuff for children, the elders take it to themselves.

Take Stevenson's "Child's Garden of Verse," or the poems of Eugene Field, or Kipling's "Jungle Books" and "Just So Stories," or Joel Chandler Harris's "Uncle Remus," or the Louisa M. Alcott books. Fathers and mothers, buy them for the children, and then read them themselves. So it is with the verse of the author of "Little Orphan Annie" and "The Old Swimmin' Hole." The presence of the distinguished persons at the celebration in Indianapolis today testifies to the regard and admiration in which James Whitcomb Riley and his writings are held—a regard and admiration without age limitations.

The fact is that the eternal child within us responds to the things that appeal to childhood. Few of us ever get so sober and sedate and preoccupied with the cares of this world and the deceitfulness of riches as not to be essentially merely older boys and girls. The old swimming hole and the goblins of the scary dark are still part of our lives. So long as we have memory and imagination they will abide with us. Heaven help us if we ever reach a point where those fond recollections fail to give us a thrill—K. C. Star.

To Camp in Ozarks.

Mr. and Mrs. Joseph Jackson, Jr., and Roy Curfman of this city and Mr. Jackson's sister, Mrs. Paul Ream of Kansas City will leave Friday morning for Branson, Taney county, where they will spend two weeks. They will take a cottage at Lake Taneycomo and spend the time in outdoor recreation. Paul Sisson may also join the party.

Did All He Could.

"Now," said the nervous old woman to the druggist, "are you sure you have that medicine mixed right?"
"No, ma'am," said the conscientious apothecary, "I wouldn't go so far as that, but I've got it mixed the way the doctor ordered it."

Rev. C. H. John, who formerly lived here, was greeting friends here today. He came through here on his way home from Cameron, where he had been attending the Methodist conference.

According to the report of the minister to Turkey a majority of the Armenians have been killed.

FIVE HERE OFF TO WAR

Greeks Left Last Night After Message
to Wilcox From Omaha in
Their Language.

Five Greeks of the gang working at Wilcox left last night for Omaha, from where they will go to their home country to enter the army.

The agent at Wilcox delivered the men a telegram last night which caused the men to leave. Others are expected to go today or tomorrow.

The telegram was in the Greek language, so it is not known what the nature of the message was to the men, but it was potent enough to cause the men to leave within a few hours.

PELTZER SUICIDE PACT

Theodor's Secretary Reported to Have
Told of Brothers' Death Agree-
ment to Get Insurance.

HERMAN TRIED TO DIE FIRST.

Special to The Democrat-Forum.

Kansas City, Oct. 12.—Reliable report around the court house here is that Mrs. Leah Wilson, confidential assistant of Theodor Peltzer, has confessed a suicide pact to Judge Ralph S. Latschaw.

In the presence of Prosecuting Attorney Jacobs, she is believed to have said that the two brothers had agreed that one or the other should fall from the office window and the insurance would pay the losses of the firm.

Theodor Peltzer began taling out insurance five years ago with the determination that his creditors should lose nothing. This condition continued for several years and then speculating commenced. Plunging followed, with the hope that his luck would change and he could get back on a firm foundation.

All the money would be needed to pay the interest in the event of an exposure and the insurance premiums were increasing steadily. Finally Theodor Peltzer took Mrs. Wilson into his confidence, telling her that if she exposed him he would jump from the window.

About this time Herman, the brother, learned that things were not going right and began taking out insurance. It was agreed that one should die for the other. Only a week before Theodor's death, Herman's automobile was almost crushed when he drove it through a gate at a grade crossing and stopped on the railroad tracks.

Quakers Play Their Usual Flawless

Summary of the Game.

The score:
R.H.E.
Philadelphia000000010—1 7 0
Boston001001000—2 8 0
Batteries—Chalmers and Burns;
Shore and Cady.

Special to The Democrat-Forum.

Braves Park, Boston, Oct. 12.—The third consecutive 2-1 world series game has been played, and for as many times Boston has been on the long end of the score. The games now stand Boston 3, Philadelphia 1, and the Red Sox need to win only tomorrow's game to have the title of world's champions.

Boston scored in the third, when Barry was walked and advanced on a sacrifice and a single. The Sox rallied again in the sixth. The Phillies saved a shutout by pushing over one in the eighth.

Shore was returned a victor today, but he let the Phillies get seven hits from him today, whereas they could get only five in the game he lost to Alexander. The Sox made their daily error, while the Quakers played their usual spotless game on the defense.

Today is a legal holiday in Massachusetts and a crowd which would make the great record of yesterday look small was expected when it was seen that the day would be bright and clear. It seemed that all Boston was trying to get into the park when the tickets were placed on sale.

The odds went to 5 to 2 on Boston for the series and 3 to 2 on Boston for today's game. The general feeling is that the Phillies have made a brilliant defensive showing, equaling the Red Sox in that respect, but have failed miserably in hitting and offensive.

Moran realizes this and has been doing all that he could to remedy the hitting.

DIES AT ST. JOSEPH HOSPITAL.

Funeral Services for Mrs. Walter
Myers to Be Held at Skidmore
Tomorrow.

Mrs. Walter Myers, 19 years old, living at Skidmore, died at 10 o'clock last night at the Sisters' hospital in St. Joseph. Mrs. Myers was taken to St. Joseph a week ago to undergo an operation which failed to bring any benefit.

The body will reach there tonight and the funeral services will be held at 2:30 o'clock tomorrow afternoon at the Methodist church. Mrs. Myers is a daughter of Mrs. A. H. Garrett of Skidmore.

Letter to Mr. Richard Kuebs,
Maryville, Mo.

Dear Sir: Two years ago, Mr. Grant Smith, Erie, Pa., painted three frame houses, and the work of a brick house.

The painter estimated \$116.50 for the paint, lead and oil.

He bought Devoe \$97.40 and returned \$11.60. Saved \$31.10 on the paint.

Don't know the cost of the work. By the rule, the saving of labor would be from \$60 to \$90.

On all, from \$90 to \$120.

This is the tale, as it comes from Messrs. W. F. Nick & Son, our agents there for 40 years. Yours truly,

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give five Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

INCREASE CADETS WEST POINT PLAN

Superintendent's Report Outlines Needs of 1,300 Body.

MAY DOUBLE SIZE OF CORPS

In Event Congress Authorizes That Increase It Should Approropriate \$1,900,000, Colonel Townsley Believes. Would Bring Into Army 300 West Pointers Every Year.

West Point, N. Y.—That a serious effort will be made in the next congress to increase the number of cadets at the Military academy here to 1,200 or 1,300, which would increase the corps to the peace strength of a regiment and would bring into the army about 200 West Pointers every year, about twice as many as is now the case, is indicated in the annual report of Colonel C. P. Townsley, the superintendent of the academy, just sent to the war department.

Colonel Townsley believes that 1,300 is the maximum strength to which the West Point corps can be increased, and he points out that in the event congress authorizes that increase it should appropriate the money needed to house and care for the increased number of cadets, which would be about \$1,900,000.

If the corps is increased a new mess hall, a new barracks building, a new hospital, new quarters for officers and

their families, who will be ordered here as instructors, are among the structures that will be imperatively needed and immediately. The plans for these buildings and the enlargement, reconstruction or rearrangement of others, it is understood, can be available at any time.

In addition to improvements and whether the corps is increased or not, Colonel Townsley recommends that an appropriation of \$350,000 be made for a new hotel on the government reservation, to take the place of the present "three bath" structure, which has the distinction of being the oldest hotel in the Hudson valley.

"If an increase of the corps of cadets to 1,200 or 1,300 is authorized," Colonel Townsley adds, "this increase should be gradual and distributed over a period of four years, so as not to have the increase occur all in one class."

Colonel Townsley directs attention to the fact that many candidates for cadetships are rejected because of physical defects, eighty of the 483 examined the past year having failed. He observes, however, that the physical requirements are none too rigid for those who will be expected to meet the strenuous life in field service.

"With the law of 1910, which is now extended to 1923, in force and the present standards for entrance maintained," says the report, "I believe that the academy can secure enough cadets to keep up its capacity of 700 very closely. The desire of the academy being to secure the best and most promising material for officers in the regular army, there should be no lowering of its standards for entrance or of its requirements as to discipline or academic work."

MY! HE'LL BE BUSY.

Weds Widow With Eighteen Children; Grandfather of Thirteen Others.

Camden, N. J.—George Washington Henry, fifty-five, a Hurlville blacksmith, married Mrs. Henrietta Verillie, sixty-four, a widow, of Gloucester City, and the wedding increased the number of his near relatives by eighteen—the children of his wife, Mrs. Verillie, kept a little store in Gloucester City, and it was there that the couple met.

Not content with stepfathering all the young Verillies, Henry will also take up the job of step-grandfathering thirteen other young people. The ceremony was performed in Gloucester City's city hall by Mayor Anderson. Henry is thinking of starting a card in dex system to keep all his new relatives in order, it is said.

MISSOURI SUFFERERS FIND GREAT REMEDY

Thousands needlessly suffer from stomach ailments, handicapped in their work and pleasure. The stomach is the mainspring of life and the body cannot run without it.

You want to be well quick. A great many people in Missouri and thousands all over the country have found the way to health by the use of Mayr's Wonderful Remedy. The first dose shows results. Here are the words of two Missourians:

Mrs. J. B. Trullinger of Norborne, Mo., wrote: "Words cannot express my appreciation of your medicine. I have felt fine all summer and fall. Am gaining weight."

W. T. Jennings, cashier of Bank of Bois D'Arc, Mr., writes: "Please send four more bottles of the stomach remedy. Both my wife and I use this medicine and think it truly wonderful."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

NEW CORN AND CHOLERA.

But Unwise Feeding Makes Hogs Less Resistant to Disease.

Hog cholera is not a direct result of feeding new corn, according to E. P. Spence of the Missouri College of Agriculture. It may gain a foothold more readily if the hog's resistance is reduced by unwise feeding, but the disease itself can result only from infection with a specific, invisible germ, obtained directly or indirectly from other hogs.

If the herd is thrown off feed by eating too much green corn, or by eating corn that is immature, the disease will be more readily contracted and it is often noted that a new outbreak of cholera follows the first use of new corn for hogs. Avoid danger by changing the kind or amount of feed gradually. Feed the hogs some new corn for a while before turning them into the field. Young shoats may be turned into corn that is not down too badly with less preliminary feeding than the older hogs that can break down the corn more quickly.

WILSON AND CABINET PRAYED

Bishop Tells of Incident at White House—Informed by Senator.

Indianapolis.—How President Wilson went down on his knees and led his cabinet in prayer at a recent meeting was told here by Bishop William F. Anderson of Cincinnati at a session of the Indiana Methodist Episcopal conference.

A United States senator told the bishop of the incident. The senator had heard it from one of the cabinet members who had played with the president.

"When the president arrived at the cabinet meeting," said Bishop Anderson, "his face was solemn. It was evident that serious affairs of the nation were on his mind. He said to the cabinet members:

"I don't know whether you men believe in prayer or not. I do. Let us pray and ask the help of God."

"And right there the president of the United States fell upon his knees, and the members of the cabinet did the same, and the president offered a prayer to God."

MAKE MUDHOLES FOR LIVING.

Missourians Cultivate Traps For Auto-ists, Official Charges.

Jefferson City, Mo.—That mudholes in the road are carefully nurtured in many communities in Missouri by persons who find it profitable to pull automobiles out of them when they get stuck is charged by State Highway Commissioner Buftum in a road bulletin.

The issuance of this bulletin followed the action of a Callaway county farmer, who refused to pull the automobile of Mrs. James Houchin out of a creek bed until she gave him \$25.

THIRTEEN EXPLAINS DEFEAT!

Unlucky Number Was Also Aided by Killing Black Cat.

California, Pa.—T. J. Underwood, comptroller of Washington county, ascribes to "thirteens" his defeat as candidate for sheriff at the primaries.

In the first place his name, Tom J. Underwood, contains thirteen letters. The license number of his fellow campaign car was 113. On Friday, Aug. 13, while riding in his car with another candidate now numbered among the also rans, he ran over and killed a black cat. The number of signers on Mr. Underwood's petition was 113.

CAN RUN TRUCK FARM AND YET USE NO LAND

Says He Found Way to Grow Plants on Chemical Diet.

Cleveland, O.—J. A. Smith, manager of a drug store here, claims to have growing in his greenhouse healthy sweet corn planted in absorbent cotton which has been treated only with the proper chemical food the corn requires. In another greenhouse, he declares, he has tomatoes thriving in washed lake sand.

Mr. Smith has worked on his discovery for seven years. He believes he has learned just what food each plant requires and in just what proportions to feed it nitrogen, potash and the other necessary chemicals. He claims to have a diet formula for almost every known plant and vegetable.

Having made an analysis of the soil, he introduces the chemicals in which that soil is weak for the production of a given plant. Any kind of soil will do. Even cinders will suffice. The only use for the soil in Mr. Smith's process is to support the plant stalk just as a trellis supports the grapes or sweet peas.

This is why, Mr. Smith contends, it is possible to grow plants in absorbent cotton. He merely saturates the cotton with a solution of the natural food for the plant it is intended to grow.

Mr. Smith is negotiating with men who, he declares, are planning to commercialize his discovery. He would establish service stations in Cleveland and other cities.

Does your lawn refuse to become green in a soil of hard clay? Send for Mr. Smith and let him put the grass on a diet. Do you own a greenhouse, and is it expensive to haul fertile soil from a distance? Send for Mr. Smith. He'll show you how to raise carnations in lake sand. "It's easy," he says, with a smile, "when you know the food carnations need."

RATTLER'S FANGS MISS HIM.

Snake Strikes Negro's Overalls and Can't Get Loose.

Jefferson City, Mo.—A negro farm hand cutting corn felt several sharp tugs at his overalls and thought he had become caught in briars. Glancing over his shoulder, he saw a rattlesnake five feet long. Reaching around with his corn knife, he managed to sever the snake just back of the head.

The snake had buried its curved fangs, nearly an inch in length, in the slack of the negro's overalls and could not disengage them.

At Eighty-three Drives 400 Miles.

Glen Easton, W. Va.—George W. Grant, eighty-three years old, who drove 400 miles with a thirty-six-year old horse from here to Wilmington Del., has returned to this city by rail. It required sixty-one days to make the drive. Mr. Grant drove to Delaware to see his children, whom he had not seen in forty-six years.

CLOVER GOOD FALL PASTURE.

But Must Not Be Left Too Short for the Winter.

The clover crop makes about half its growth during the last thirty days of the grazing period, so it can be more heavily grazed at that time than earlier. Care should be taken, however, not to leave it too short for the winter, as enough foliage should remain to hold the snow and insure a good early start in the spring.

Rye sowed at the proper time is valuable for fall and early spring pasture and incidentally prevents soil washing during the winter. It will

save many feed bills and play an important part in keeping up the milk flow—J. G. Watson, Missouri College of Agriculture.

Birthday Party.

Invitations are out announcing a birthday party given by Lewis DeHart and Lieber Holmes at their place of business in Maryville, on Oct. 13-14-15 and 16. This week marks the close of their second year's business as Maryville's Live Jewelers. They have planned a very novel and unique entertainment for their friends and customers, which is best explained by the word "UNUSUAL." One of the most novel features of this UNUSUAL event is a Private Auction. The idea of this is to give every person attending this function an opportunity to place his or her estimate upon any article without the necessary embarrassment one's mind generally connects with the word "Auction." All estimates or bids are entertained privately in writing.—Adv.

Beautiful Dresses

THERE is nothing in the wardrobe that will quite fill the place of the one-piece dresses, which for the last few seasons have become so popular. This winter they have an added attraction, owing to the fact that they are being worn so extensively in all Paris.

The fascinating designs just received are developed in serge, wool crepe, velvet, crepe de chine, crepe meteor, and satiu and velvet or silk and serge combinations. Some are trimmed with fur, others in beaded effects or embroidered or braided in metallic hues.

A Favored Tailored Dress of Serge

The new dresses are in black and the leading shades of blue, brown and green. Models and styles that can be appropriately worn for afternoon tea, calling, evening wear, restaurant dinners or street wear.

Silk dresses \$7.50 to \$25.00
Wool dresses \$6.75 to \$15.00

MEXICO VOTED FOR LIGHTS.

When Saloons Went Out, City Couldn't Finance Street Lights, So Tax Levy Was Necessary.

After voting down a 15-cent levy for street lights a month ago, Mexico voted yesterday to adopt a 20-cent levy to light the streets by a majority of 4 to 1. Yesterday's action was the first step

toward reviving former financial conditions, and it occasioned a celebration which was held last night. Mexico legislated her four saloons out of business, and also \$12,000 out of her city treasury, and plunged her streets into darkness.

PRINCE ALBERT

the national joy smoke

is such good tobacco you feel like you could just eat the smoke!

Yes, sir, P. A. puts a razor edge on your smoke-appetite-division that's nobby enough to be photographed!

The toppy red bag, 5c

No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette.

For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy's to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bulfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best bet—the best smoke

you or any other man ever did roll and put the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which means rolling P. A. is as easy as falling off a log. And it's good to remember P. A. is put up in the toppy red bag especially for you "rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears?

Here's tobacco that has made it possible for three men to smoke pipes where one smoked before!

Any way you hook it up, Prince Albert is tobacco insurance! Yes, sir, it guarantees your future as well as your present smokings! And just makes your tongue so jimmy pipe joy's that your smoke appetite grows whopping big. You men who "dassn't," we say you go to P. A., natural-like! Because there isn't a bite in a barrel of this national joy smoke.

Unlimber your old jimmy pipe! Dig it out of the dark corner, jam it brimful of P. A. And make fire with a match! Me-o-my!

You get acquainted with Prince Albert in the toppy red bag, 5c; or tidy red tin, 10c, but for the double-back-action-joy, you buy a crystal-glass pound humidor. And then you're set! You see, it has the sponge-moistener top and keeps P. A. at the highest top-notch point of perfection. Prince Albert is also sold in pound and half-pound tin humidors.

3,000 M. U. ALUMNI IN MO.

Forty Per Cent of Graduates of State University Are Scattered Through 45 States and 22 Foreign Lands

Nearly 3,000, or 60 per cent of the graduates of the University of Missouri at Columbia, are now living in the state of their alma mater. The others are scattered through forty-five states of the United States and in twenty-two foreign countries.

According to the alumni directory recently issued by the University, the state outside of Missouri having the largest number of Missouri graduates in its borders is Oklahoma. There are 181 Missouri alumni in Oklahoma. Illinois comes next, being the home of 155 graduates, California of 122, New York of 107, and Texas of 103. The large number of graduates of the state university in states so widely scattered shows the wide distribution of the alumni of the University.

There are 103 Missouri alumni now living in twenty-two foreign countries. They are distributed as follows: Alaska, 2; Brazil, 5; Bulgaria, 2; Canada, 12; Chile, 15; Cuba, 2; Egypt, 1; England, 1; Germany, 1; Hawaii, 6; India, 2; Japan, 7; Mexico, 9; Panama, 18; France, 1; Philippine Islands, 20; Porto Rico, 4; Russia, 1; Uruguay, 1; Scotland, 1; Spain, 1.

There are no Missouri graduates located in Indiana, South Carolina, or Rhode Island, according to the records of the Alumni Association. There are approximately 5,000 graduates of the University of Missouri now living. Degrees were granted to about 400 men and women in June, 1915.

SENTENCE FARM POINTERS.

Agricultural Tips From the M. U. Exhibits at the State Fair.

Drag your roads. Select seed corn sure. Cut close to the trunk in pruning. Keep borers and codling moths out of the orchard. The King drag is the great road improver.

Dispose of farm sewage by means of a home made septic tank. Cider vinegar made from the windfalls should help fill your pocket-book. Stone and gravel roads may be needed if the drag cannot do the work. One county agent has introduced at least half a dozen new grains hitherto not grown in his county.

Hessian fly inquiries are numerous. Destroy volunteer wheat and sow as late as possible. Poultry furnishes an average income of \$125 per farm in Missouri. Know your insect friends. Without the flies and wasps that kill the Hessian fly, wheat growing might be entirely impossible in Missouri.

Medals were won at the Panama-Pacific Exposition by Missouri vetch, rye, oats, and wheat, produced in a county that has a county agent. Boys' corn stringing and girls' chicken dressing contests interested the crowds at the state fair. Try them at your county fair and other meetings.

Good road-building material is found in practically every county, according to the University of Missouri exhibits shown at the state fair. It ought to be used to banish poor roads. Oil properly applied helps greatly, but the dust must be removed, and the surface broken up and loosened about two inches deep; otherwise the oil stands in pools or runs into the ditch.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

RALLY AT NEVADA.

Democrats of State to Gather There October 23.

Nevada, Oct. 12.—The third of five proposed state harmony meetings of the Democratic party in Missouri will be held in Nevada, Oct. 23, according to an announcement made by Chairman F. B. Callaway of the Vernon county Democratic central committee today. The meeting will be similar to that held in St. Joseph several days ago, and to the one to be held in Cape Girardeau, Oct. 14.

Age is Not the Cause of your hair falling out. It is the condition of your scalp.

MOTHER, DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

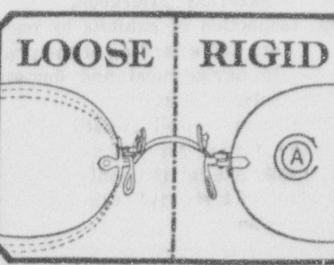

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the California Fig Syrup Company.
